Samanta Toruño Sequeira

Designer and Web Developer

samytoruno19@gmail.com
WhatsApp: 8490-9877

PROFESSIONAL PROFILE

Software developer focused on creating web and desktop applications, specializing in Front-End development. I have experience with technologies such as HTML, CSS, JavaScript, React, Tailwind CSS, and Python, as well as skills in designing modern, accessible, and user-centered interfaces.

PROFESSIONAL EXPERIENCE

Oct 2022 – Nov 2022

Ecoaire

Intern

- Designed corporate logos and graphic materials that strengthened the company's visual identity.
- Used Excel as a database for counting, recording, and tracking employees, optimizing information management.
- Programmed in different development languages used by the company, adapting solutions to the needs of each project.

Oct 2023 – Dec 2023

Grupo CMA

Intern

- Redesigned the company's internal web platform used for task registration and employee attendance control, improving usability and efficiency.
- Created a web catalog of Apple products currently operational on the official website, allowing customers to contact the company's seller directly.
- Developed various internal pages and contributed to defining the visual style, selecting typography, and structuring each section, enhancing the coherence of the company's digital identity.
